

**PANACEA COLLECTION - SERIES 6501**  
(Pattern 6501 available in area rugs only)

New from Rug One Imports is “Panacea,” a powerful package of transitional / traditional designs to compliment their already popular area rug, runner and broadloom coordinated assortment. Panacea, our newest introduction in the crossover arena is possibly our most beautiful introduction ever.

Panacea is power-loomed in Belgium. Woven Wilton face-to-face construction, these designs boast more than 20 colors in each individual area rug, runner or wall –to-wall carpet, all of which are matching to one another.

Panacea is constructed of 100% Belgotex high performance heat set polypropylene. Six patterns, in multiple color-ways, embody the program. Each is available in four standard sizes of area rugs, 2 widths of full runners and wall-to-wall carpet. Cut pile, million point construction assures quality and affordability for consumers desiring highly decorative soft floor covering.
