

The Northern Collection

The Northern Collection, manufactured from the wood of northern forests, boasts a very fine grain and subtle color variations. These slow-growing woods are also known to be the hardest on the continent. Available in a wide variety of species, colors and grades including Beech, Cherry , Hard Maple, Red Oak, White Oak and Yellow Birch.

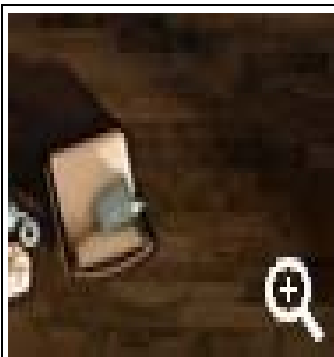

Country Collection

Casual sophistication comes naturally to these beautiful species, which exude a charm and beauty all their own. A palette of styles and colors allows the design to set the mood, ensuring a quality hardwood floor with gracious elegance and uniquely comforting warmth of character.

International Collection

The International Collection consists of exotic woods from all corners of the world. Our hardwood flooring is available in a wide variety of species, including Andiroba, Brazilian Cherry and Tigerwood. Note that Polonium+ with Titanium Traffic does not prevent the natural oxidation of certain exotic woods.

Antique Collection

Recapture the warmth and style of another era with LAUZON's timeless Antique Collection. An inspired blending of rich wood tones along with a silky , low-gloss Pearl finish infuses this collection with an incomparable antique appearance. Available in our solid and fusion engineered hardwood collections and featuring beautiful Betula and Red Oak choices, the unique Antique Collection is sure to inspire.

Line Art

Linear, monochromatic and surprisingly emotional. With the Line Art Collection, LAUZON introduces a true evolution in wood flooring. The result of a unique finishing technique, Line Art provides incredibly rich, cutting-edge looks that give a mineral or stone-like aspect to the wood. Line Art offers breathtaking beauty with the extraordinary durability of LAUZON Canadian Hard Maple, carefully harvested from our very own responsibly-managed forests.
